DOWN UNDER-HOLDING APPARATUS

Black P/N // 20004
Dark Gray P/N // 20005
Tan P/N // 20006
Light Gray P/N // 20012

Installation Instructions for 04-08 Ford F-150 Supercab & SuperCrew & 06-08 Lincoln Mark LT

Materials Needed:

- // 10mm socket
- // 13mm socket

Installation Instructions:

- 1 Flip up rear seats.
- 2 Remove jack from underneath the back seat and remove the bracket that holds the jack in place using a 10mm socket.
- 3 Slide driver's side end of DU-HA against seat bracket. Snap other side of DU-HA around passenger's side seat bracket. (You may have to bend side inward to snap into position.)
- 4 Secure DU-HA to floor of truck using provided bolts and washers with a 13mm socket.
- 5 Install dividers by sliding them into slots at the end and the bottom of the DU-HA. Install organizer/gun racks by sliding them onto dividers (as pictured below).
- 6 Place jack inside the DU-HA on the driver's side of truck and place jack handles behind the DU-HA. You may also place jack underneath the truck on top of the spare tire or place the jack and jack handles in the rear door compartment of the SuperCrew.

This is how the DU-HA should look installed under the back seat.

Safety Instructions:

Warning: Seat must be down and latched at all times while vehicle is moving. Make sure DU-HA is secured in vehicle according to installation instructions. Do not store explosives or hazardous materials in the DU-HA. Do not place loaded guns in the DU-HA.

For further instructions refer to truck owners manual or contact DU-HA, Inc.

Helpful Hint:
The jack can also be stored underneath the truck, on top of the spare tire, to free up space in the DU-HA.

First wrap the jack in a plastic bag or cloth, to keep it from getting dirty. Then, lower the spare tire (per instructions on jack tools) from under the truck and set the jack on top, as pictured. When finished, reel tire back up.
