Installation Instructions:

- 1 Flip up rear seats.
- 2 Thread nylon straps through seat belt loop under rear seat by sliding strap through the backside of the seat belt loop so the buckle will end up on top.
- 3 Place the DU-HA under rear seat with the high side forward.
- 4 Thread nylon straps through slots in the back of the DU-HA. Loop each strap together by threading through the bottom of the back slot of the buckle and down through the front slot of the buckle. Tighten as pictured. The nylon straps will help secure the DU-HA in the truck.
