Any waiver of a breach or default under this Agreement shall not constitute a waiver of any subsequent or other breach or default and shall not serve to modify the agreements set forth herein. If any provision or term of this Agreement is held to be invalid for any reason, it shall not effect the enforceability of the remainder of this Agreement or any other term or condition of this Agreement.

15. <u>Counterparts.</u> This Agreement may be executed in one or more counterparts, each of which shall for all purposes be deemed an original and all of which shall constitute the same instrument. Each Party agrees that the execution and delivery of this Agreement by facsimile or by email shall have the same force and effect as delivery of original signatures and that each party may use such facsimile or email signatures as evidence of the execution and delivery of this Agreement by the Parties to the same extent that an original could be used.

16. <u>Signatures.</u> Each Party, by signing below, hereby represents and warrants that they have the full power and authority to enter into this Agreement and bind their respective Party hereto.

In WITNESS WHEREOF, the undersigned representatives of DU-HA and Seller enter into this Agreement.

Exhibt A Minimum Advertised Price Policy

Effective May 1, 2008

DU-HA, Inc. ("Company") has adopted this Minimum Advertising Price Policy ("MAP Policy") for jobbers, dealers, and retailers, including print catalog, mail order and Internet retailers (collectively, "Customers"). The purpose of this MAP Policy is to avoid depreciation of, or damage to, the trademarks, brands and trade names under which the Products are sold and to preserve and enhance the Company's reputation for high value products and market share.

Marketing

Company reserves the right to review and approve or decline any advertising and/or promotional programs for the Products, including distributor shows, trade and/or consumer incentives, direct mail programs, and other forms of advertising covered by this MAP Policy.

Violation of Policy

Each Customer is solely responsible for its compliance with this MAP Policy. The Company shall be entitled to unilaterally enforce this MAP Policy. If a Customer violates any provision of this MAP Policy, they will be given 1 warning and will be allowed twenty-four (24) hours to bring advertising into compliance. If the Customer does not become compliant with this Policy, or in the event of a 2nd violation by the Customer, then the Company may discontinue supplying Products to the Customer.

Special Advertising Requirements

Customer's advertising prices for the Products in Advertisements must comply with this MAP Policy and must not advertise prices for the Products less than the MAP. This MAP Policy applies only to advertised prices for the products and does not apply to the price at which the products are actually sold or offered for sale to an end purchaser. Customers may sell the Products to an end purchaser at any price they may choose. This MAP Policy does not establish maximum advertised prices. Customers may offer the Products at any price in excess of the established MAP.

Advertising Practices

This MAP Policy applies to all advertisements, promotions, and marketing of the Products (collectively, "Advertisements") in any and all media. The term "Advertisement(s)" includes, without limitation, flyers, posters, coupons, mailers, inserts, newspapers, magazines, catalogs, mail order catalogs, Internet or similar electronic media including websites, email newsletters, email solicitations, faxes, television, radio, and public signage. The MAP Policy is not applicable to any in-store advertising that is displayed only in the store and not distributed to any customer. Instore displays, point-of-sale signs, hangtags or bar codes or similar marks on products or product packaging which merely state the price are not considered "Advertisements" for purposes of this MAP Policy. In that regard, this MAP Policy does not apply to the actual sales price on any "check-out page" of any Customer's website or related internet site (typically the page at which the end purchaser finally purchases the product). This MAP Policy does apply to any other page(s) on a Customer's website.

Advertisements do not have to feature a selling price for a Product. When prices for a Product are included in an Advertisement, however, they must be <u>at or above the MAP for the Product.</u>

Examples of advertising that does not violate this Policy, so long as a price advertised is not less than the MAP, are as follows (or phrases of similar import):

"Call for Quote" "Lowest prices in town" "Price too low to print" "Will meet or beat any competitor's price"

Minimum Advertised Price ("MAP")

a. Retail, Internet, Catalog, and/or Mail Order:

The MAP for any Product advertised for retail, internet, catalog and/or mail order sale to an end purchaser shall be a price that is equal to or greater than the MAP price listed on Exhibit B of this agreement. Current Product retail and MAP list prices as of the date of this MAP Policy are set forth in the attached Product Pricing List, Exhibit B, (subject to change at Company's discretion).

Note: The minimum advertised pricing regulations would be modified for Canadian customers to reflect current exchange rates.

Duration of Program; Modification of Policy.

This MAP Policy becomes effective May 1, 2008 and will remain in effect indefinitely at the Company's sole discretion. The Company reserves the right to modify or cancel this MAP Policy at any time without prior notice. The Company reserves the right to modify or suspend the Marketing Program with respect to all or any of the Products by notifying Customers of such a change. The Company further reserves the right to adjust the MAP with respect to Products at its sole discretion upon 7 days advance written notice to Customers.
