[Q] I am looking for behind the seat storage for a 2020 Chevrolet Silverado WT, 4x4, regular/standard cab, long bed. Is there anything in the works from your company or any existing products that might work?

[A] I apologize, we are not currently making a DU-HA for the 19-20 Chevy/GMC Regular Cabs. We do not have any plans on making one at this time. We may look at it again in the future, but it is not currently on our list of new products.

20113	15-20	Ford	F-150 SuperCrew	DU-HA Underseat Storage / Gun Case	Java/Brown

[Q] I have the factory floor mats, will the DU-HA work in my truck?

[A] Yes, the factory floor mats are pretty thick and the DU-HA may fit tight, but it still works!
 Some customers have been concerned about the seat hitting the DU-HA, but it does not inhibit the seat from working.

[Q] Customer has an "inverter" underneath his seat (not a subwoofer). Will the DU-HA still work?

[A] Yes, the DU-HA sits in front of the inverter. The inverter sits further back under the seat and doesn't interfere with the DU-HA at all.

Crew cab has larger back door - 42" wide

[A] Quad cab has smaller back door - 31.5" wide

Note: Mike took pictures of the doors for the RAM Crew and Quad cabs - Photo's are in the product images folders

[Q] I have a '19 Dodge Crew Cab Laramie and the seats slide. Will this DU-HA will fit my truck?

[A] Yes, the DU-HA does fit this truck. The Lockbox also fits, you do have to remove the grocery bag holders on the bottom of the seats for the seat to slide/recline.

[Q] The mounting strap for the 30104 is too short.

[A] Customer bought a 30104 but actually has a Crew cab truck so needs a 30100. The part will fit but does not come out to edge of seat and the center portion jogs in but the seat on the crew cab goes straight across.

[Q] Will the underseat storage interfere with the reclining of my back seats?

[A] No, the DU-HA does not interfere with the reclining feature. We designed a hand recess area so you can still access the recline handle and the seat will still slide fine. If you do get a Lockbox with the locking lid we recommend removing the plastic bag holder on the bottom of the seat so it does not interfere with the reclining of the seat.

[Q] I have the Mopar factory all-weather mats (similar to Weathertech floor liners). Will the DU-HA interfere with these?

[A] No, the DU-HA does not interfere with the mats at all. They both work great together!

40010	04-09	Nissan	Titan King Cab & Crew Cab	DU-HA Underseat Storage / Gun Case	Lt Gray	

[Q] I see you have available systems for the 15-20 Nissan Titan King Cabs and 04-15 Crew Cabs. With the new Titans being sold, we do not have an option for our customers that would fit their 2019-2020 Crew Cab Titans. Do you guys plan on making something for them? Nissan has not come out with anything for storage options.

[A] I believe Nissan was putting a factory unit in the Crew Cabs.
 We have put our current model in the Crew Cab - you just need to remove the factory one.

[Q] I'm looking for under rear seat storage for a 2019 Nissan Titan Crew Cab. Do you make something that will fit?

[A] We have found that our older models do fit the new truck. We haven't determined if the colors match the same, but the black should work fine with most color interiors. If you have the factory storage you'll have to remove it to be able to install the DU-HA. The only potential issue we've found is that for some reason there is a hole that shows in the carpet after the factory storage is removed, but that can be covered up with a floor mat.

JEEP

[Q] **I just purchased a 2020 Jeep Gladiator and am looking for a lockable storage box for under the rear seat. Do you have one that fits?**

[A] I apologize, we do not make a storage unit that goes underneath the seat in the Jeep Gladiator. We do make a unit called the Humpstor that mounts in the bed of the truck that is lockable.

[Q] **What lock brand/model that you recommend for the three latching/lock points on the Tote?**

[A] We have been using a Master Lock. We haven't found a lock that goes through both holes on the latch. It does work to just have the lock go through one hole in the latch. You can also use a coupler lock - a lock used for locking a trailer hitch; the type that has a long rod that slides into a lock as well.

[Q] Can I fit a bed extender in with your Humpstor model for a 2020 Silverado 1500. Also wondering if it will fit with a Retrax Tonneu retractable cover as that tonneau cover has a forward can and also attaches to the lip of the bed?

[A] Yes, you should be able to attach our clamp between the Retrax rail and onto the truck bed rail. You need at least 55" of length for the Humpstor to fit.

[Q] Can I purchase just the Humpstor mounting brackets?

[A] Yes, you can buy the brackets and the hardware. They are \$60/each + shipping, so for the set it's a total of \$120 + shipping.

[Q] Will the Humpstor fit the 2019 Silverado standard bed?

[A] Yes, the Humpstor does fit the new 19-20 GM truck. Just need to use the coupler nuts and bolt so that the rubber stabilizer foot rests against the box. Attached is a PDF of the installation instructions for your reference.
