

2014-2018 Chevrolet & GMC Silverado/Sierra Light Duty Crew Cab and 2015-2019 Silverado/Sierra Heavy Duty Crew Cab *Underseat Storage LOCKBOX*

*Fits DU-HA Part Number
10307*

Installation Instructions:

1 Install the Du-ha Lockbox by following the instructions included with the divider kit. You will need to attach the Lynch Pin on the GM metal strap before you attach the GM metal strap to the vehicle. After you have attached the Lynch Pin to the GM metal strap you can slide the GM metal strap through the slot in the back of the Du-ha Lockbox. Slide the GM metal strap through slot from the inside of the Du-ha Lockbox by sliding the end of the GM metal strap with the larger hole through the slot and attach to the threaded post per instructions. You can also install the Lynch Pin **upside down**; do this if you want to remove the Lockbox from the vehicle easily. To remove Lockbox pull on the ring on the Lynch Pin to rotate it downward and pull the Lynch Pin down releasing it from the GM metal strap. Do this on each side and remove the Lockbox. To re-install open the ring on the Lynch Pin and insert the pin through the bottom of the hole in the GM metal strap, flip the ring on the Lynch Pin closed to secure Lockbox in place, on both sides.

2 To lock the Lockbox insert the key into the lock with the teeth on the key pointing to the outside of the vehicle. Once the key is inserted turn the key clockwise to lock the driver's side and counter-clockwise to lock the passenger's side. When locked the teeth on the key should be pointing downward. Remove the key.

3 To Un-lock the Lockbox insert the key into the lock with the teeth on the key pointing downward. Turn the key counter-clockwise to unlock the driver's side and clockwise to unlock the passenger's side.
